

Non-Disclosure Statement from Onsite Logic

On behalf of Onsite Logic, I hereby warrant and represent that no individual company names or individual data received by Onsite Logic from a participant/member of the Aircraft Electronics Association ("the Association") in the process of compiling the AEA Avionics Market Report will be disclosed to the Association or any third party without the express written consent of the participant/member of the Association. Onsite Logic and its associates have no business or personal interest in the data being collected for the Association and is prohibited from using the data being collected for other business or personal benefit.

All data requested shall be held in the strictest confidence. The data received shall be gathered and compiled into a summary report, which summary report shall be provided for the sole benefit of the Association and its members without individual names or data enumerated.
